

For Cheryl Mendelson laundering is the best part of housekeeping. Its full of physical pleasures - the look of favorite clothes restored to freshness and beauty, the tactile satisfaction of crisp linens in beautifully folded stacks. Good laundering preserves things you love and protects your pocket book. It doesnt take much time or effort. What it takes is knowledge, and Laundry is the comprehensive, entertaining, and inspiring new book on the art of laundering. Culled from the bestselling Home Comforts, with revised and updated information and a new introduction, Laundry is an indispensable guide to caring for all the cloth in ones home: from kitchen rags to bedding, hand-washables, and baby clothes to vintage linens. Mendelson offers detailed guidance on when to disregard labels, removing stains, making environmentally informed choices, sewing, and storing clothing and fabrics. A much-needed antidote to the standard-issue how-to manual, Laundry celebrates the satisfactions of ironing, folding, and caring for clothes and linens. Both pragmatic and eloquent, Mendelson provides beginning and veteran homemakers with a seamless combination of reliable instruction, time-tested advice, and fascinating personal narrative. As a farm girl in Pennsylvania, Mendelson - who is a philosopher, lawyer, and professor, as well as a homemaker, wife, and mother - received a classic domestic education from her grandmothers, aunts, and mother. Laundry combines the best of the traditional lore they taught her with the latest in technical and scientific information. Writing with infectious love and respect for her subject, Mendelson is sure to instill in readers a newfound affection and appreciation for the art of laundering.

Gruesome Grub (Foul Facts), Los Testimonios/ The Testimonies (Biblioteca Roque Dalton) (Spanish Edition), Truth, Die praktische Nutzenwendung der Prufung des Eisens durch Atzverfahren und mit Hilfe des Mikroskopes: Fur Ingenieure, insbesondere Betriebsbeamte (German Edition), RELEASE: A Model with Data to Predict Aerosol Rainout in Accidental Releases (A CCPS Concept Book),
