

She was falling, and he had wings. A tale of first love. An angel and a sorceress; two beings so different, yet completely in love. Owen, the Angel of Wisdom, has never been in so deep before with anyone. Not until he meets Rose. She is the young embedded beauty of a secret kingdom that has been hidden away since forever. It was love at first sight on that summer day for them. Before they knew it though, they were in dangerous threatening trouble. A terrible lust and vengeance from a King is tailing them now. A war, which has been raging for the past decade now, goes on with a bloody token. Dark sinister beings lurk around every corner among the enchanted islands where the lovers inhabit, lashing out whenever they can to destroy the love for the sake of their King and fulfill their own bloodlust. Owen and Rose do all they can to be together and save their love from all the impending doom that could end the both of them. Its a tale to leave you on the end. The very end.
