

Slamming the Door on Miss Right is one man's humorous search for answers after he meets a young woman who he believes has all the traits of "The One," only to watch the relationship crumble after one year. Given a list of "incidents" that contributed to the downfall by Miss Right after he "slammed the door" right in her face, figuratively, of course, the author analyzes these gaffs, gives "her" take, "his" take, and explains what he could've possibly done to keep his Miss Right. It's a book for women to laugh along with, guys to take notes from, and a lesson in what not to do so that Miss Right doesn't find you to be her Mr. Wrong.
