

MARTIN PRING ON TECHNICAL ANALYSIS McGraw-Hills Martin Pring on Technical Analysis series introduced individual investors to the value and legitimacy of technical analysis—helped by the worldrenowned Martin Pring brand. Each book focuses on explaining and demonstrating one of the key tools of technical analysis, while the interactive CD-ROM/workbook format helps traders develop their technical analysis skills. The Martin Pring on Technical Analysis series is a compelling new chapter in supplying accurate, timely information to technical traders everywhere while, at the same time, introducing traders to the foundations and proven methods of technical analysis. Today's volatile markets are tailor-made for day and swing traders, who are realizing that the disciplines and precision of technical analysis are the ideal fit for this high-pressure, analytically rigorous form of trading. **Technicians Guide to Day and Swing Trading** is a complete handbook for day and swing traders looking to improve their understanding of market dynamics, uncover securities with the highest probability of substantial, near-term price movement, and then select profitable entry and exit points with greater precision than that afforded by fundamental analysis alone.
