

In a kingdom above the clouds, the wondrous Color Guardians control the colors of the world, illuminating the skies, oceans, and flowers in vibrant hues. However, beauty is in the eye of the beholder, especially in the land of the Color Guardians, and each proud Guardian begins to boast the superior beauty of their own color. As they succumb to vanity and greed, their quarrels lead to a world without color. In this absence the Guardians realize there is no more to beauty than meets they eye and they grow to value each otherâ€™s unique gifts. This imaginative tale vividly honors the importance of multi-ethnic unity while the dramatic imagery captivates and leaves readers spellbound and enriched.
