

When we hear about a serial killer, we never consider the sex; we would immediately assume a man...right? But that's not always the case! Females are for the most part, the loving and caring protectors of our species and the ones that are more susceptible to danger. However, they are in fact the most dangerous because they are the least suspected of the serial killers. Like their male counterparts, they show no remorse and have no mercy for their victims. Should we still call them the weaker sex? *Women Who Kill* explains and defines the various types of female serial killers and contains over 20 criminal dossiers, including: Gertrude Baniszewski Margie Barfield Martha Beck Lizzie Borden Judias Buenoano Christine Falling Caril Ann Fugate and Charles Starkweather (Couple) Delfina and Maria de Jesus Gonzalez (Sisters) Karla Homolka and Paul Bernardo (Wife and Husband) Dorothea Puente Marybeth Tinning Rosemary and Fred West (Wife and Husband) RJ Parker is the author of six serial killer books as well as *Top Cases of The FBI*. His *Serial Killer Files Series* includes: *Unsolved Serial Killings Case Closed: Serial Killers Captured The Serial Killer Compendium Doctors Who Killed No Killing in The Hallways (Shoot Shootings) Book cover by William Cook* wookieart.tumblr.com/ Macabre Art. If serial killers are some of the most deranged creatures on earth, is it possible for women, a fact which made it difficult for him to resist his strong urges to kill. Many of the most horrifying acts of violence are committed by serial killers. Always looking for next victim, these murderers kill again and again, never fully. A couple detained in Mexico while transporting human body parts in a baby carriage have admitted killing 20 women, twice the number. In a way, the convicted serial killer from Steelton has become his own Rorschach test for . I am not the only serial killer that was killing girls, Miller said when. There have been many other women who have murdered sequentially. True, their numbers are not as high as men who are serial murderers, but they do exist.

Mallory's murder was the first of seven committed by Aileen Wuornos over the next year. Perhaps because she was one of the few women killers to gain. Nearly all of history's most notorious serial killers are men. But there are female serial killers, some who even killed more than people.

10 hours ago ABC NEWS- A man currently sitting in a Texas prison may be among the most prolific serial killers in U.S. history, according to a stunning FBI. I would obviously classify this person as a murderer, a serial killer. Seven women and girls are killed in Mexico every day, according to UN.
